

# LED Dock Light L41LED

The L41LED uses only a fraction of the energy of a quartz halogen or incandescent light while providing a bright, uniform light to fully illuminate even the longest of trailers.

The light gives off almost no heat, meaning a much safer light with little or no maintenance. Heavy duty enough to withstand the rugged environment of a typical loading dock area, the L41LED has what it takes to ensure you can get your job done safely and efficiently.

**KEY FEATURES**

- *As bright as a 500W quartz halogen*
- *Low energy usage*
- *No bulb replacement required.*
- *AC & DC voltages available.*
- *Instant start-up, at full output, even in cold temperatures.*
- *Cool to the touch, even if left running for extended lengths of time.*
- *Durable cast aluminum housing and polycarbonate lens*
- *60" extension arm*

SPECIFICATIONS	
<b>VOLTAGE</b>	90-277V
<b>WATTAGE</b>	34W
<b>LIGHT TEMPERATURE</b>	5,700K (white light)
<b>LUMENS</b>	3,500
<b>LIGHT EXPECTANCY</b>	50,000 hours of 24/7 use
<b>CONSTRUCTION</b>	Aluminum fixture, tubular steel arm, shatter resistant glass lens with protective cage, 60 inch dock arm
<b>WEIGHT</b>	10lbs
<b>APPROVALS</b>	cULus
