

# Hazardous Location Lighting

## Hand Lamp Inspection Light

### XP65LED

#### LED Inspection Light

The XP65's low operating temperature, narrow diameter, and lightweight design make it well suited for confined space applications. It is extensively used in the aviation industry, especially for fuel cell and wing tank inspections.

*Standard models include 16/3 SOOW cord and non-explosion proof plug*

#### Approvals:

cULus Certified for Class I, Division 1, Group D. Class II, Division 1, Group G

<b>XP65LED</b>	LED array inspection light only
